

Report on Earth Day 2026 Celebration

Theme: Our Power, Our Planet (Promoting Environmental Sustainability through Nav Grah Vatika Plantation and Green Initiatives)

Organized by: Institution's Innovation Council (IIC) & Eco Club, Laureate Institute of Pharmacy

Date: 22 April 2026

Venue: Laureate Institute of Pharmacy and Laureate Global School, Kathog

The Institution's Innovation Council (IIC) and Eco Club of Laureate Institute of Pharmacy enthusiastically celebrated Earth Day 2026 on 22nd April 2026 by organizing a Tree Plantation Drive based on the concept of Nav Grah Vatika. The programme was conducted at both Laureate Institute of Pharmacy and Laureate Global School, Kathog, with the objective of promoting environmental sustainability, biodiversity conservation, and ecological awareness among students and the local community.

The event was organized in the esteemed presence of Prof. (Dr.) Mahendra Singh Ashawat, Director-cum-Principal, Laureate Institute of Pharmacy; Prof. (Dr.) Chander Pal Singh Verma, Dean (Student Welfare); Dr. Ankita Sharma, Principal, Laureate Global School, Kathog; and Mr. Ajay Kumar, Assistant Professor and In-charge, Eco Club, Laureate Institute of Pharmacy. The programme commenced with a brief address highlighting the significance of Earth Day, the importance of conserving natural resources, and the need to adopt sustainable practices for protecting the environment. The dignitaries emphasized that tree plantation is one of the most effective ways to combat climate change, improve air quality, conserve biodiversity, and create a healthier environment for future generations.

A special attraction of the celebration was the development of a Nav Grah Vatika, where saplings representing the traditional nine sacred planetary trees were planted. The initiative combined India's rich cultural heritage with modern environmental conservation practices, encouraging students to appreciate both ecological and traditional values.

Faculty members, students, and staff from Laureate Institute of Pharmacy and Laureate Global School actively participated in the plantation drive with great enthusiasm. Various medicinal, ornamental, and shade-bearing plants were planted across the campus, and participants pledged to nurture the saplings to ensure their healthy growth.

As part of the Earth Day celebration, students also participated in awareness activities focusing on environmental protection, biodiversity conservation, waste management, water conservation, reduction of plastic usage, and sustainable living. The activities encouraged students to adopt eco-friendly habits and become responsible environmental stewards.

In addition to the Earth Day celebration, Laureate Institute of Pharmacy actively participated in various activities under the Bharat Environment Programme, demonstrating its continuous commitment to environmental sustainability and green campus initiatives. Through consistent participation in awareness campaigns, plantation activities, environmental conservation programmes, and sustainable development initiatives, the institute successfully fulfilled the programme requirements and was awarded the prestigious Platinum Sustainable Certificate, recognizing its outstanding contribution towards environmental protection and sustainable practices.

The programme concluded with a vote of thanks, expressing gratitude to the dignitaries, faculty members, students, Eco Club volunteers, and organizers for their wholehearted support and active participation. The celebration successfully reinforced the importance of collective action in protecting the environment and inspired everyone to contribute towards building a cleaner, greener, and more sustainable future.

Objectives

- To celebrate Earth Day 2026 and promote environmental awareness.
- To establish a Nav Grah Vatika through a tree plantation drive.
- To encourage students to participate in environmental conservation activities.
- To create awareness about biodiversity, climate change, and sustainable living.
- To strengthen the institute's commitment towards green campus initiatives.

Activities Conducted

- Inaugural Session on Earth Day 2026.
- Nav Grah Vatika Tree Plantation Drive.

- Environmental Awareness Programme.
- Student Participation in Green Campus Activities.
- Participation in Bharat Environment Programme & Recognition with Platinum Sustainable Certificate.

Outcomes

- Increased awareness among students regarding environmental conservation and sustainable development.
- Successful establishment of a Nav Grah Vatika on the campus.
- Enhanced student participation in green initiatives and eco-friendly practices.
- Strengthened collaboration between Laureate Institute of Pharmacy and Laureate Global School in promoting environmental responsibility.
- Recognition of the institute's continuous environmental efforts through the Platinum Sustainable Certificate under the Bharat Environment Programme.
- Reinforced the institute's vision of creating environmentally conscious healthcare professionals and responsible citizens.

CERTIFICATE OF INSTITUTIONAL PARTICIPATION

LAUREATE INSTITUTE OF PHARMACY

has successfully participated in the

BHARAT ENVIRONMENT PROGRAM

A Bharat Sustainability Campus Mission 2026, organized by Research Heights Foundation in association with EPTRI during Earth Week (April 22-29, 2026).

The institution is recognized for demonstrating exemplary commitment towards sustainability, environmental awareness, and meaningful student and faculty engagement in support of a sustainable Bharat.
