Institution's Innovation Council (IIC) Report

Earth Day Celebration 2025

Date: April 22, 2025

Venue: Herbal Garden, Laureate Institute of Pharmacy

Organized by: Institution's Innovation Council (IIC) and ECO Club

Theme: "Our Power, Our Planet"

To commemorate Earth Day 2025, the Institution's Innovation Council (IIC) in collaboration with the ECO Club of Laureate Institute of Pharmacy organized a Medicinal Plant Plantation Drive on April 22, 2025, in the institute's Herbal Garden. The event was held under the globally recognized theme "Our Power, Our Planet," which underscores the shared responsibility of individuals and communities in safeguarding the environment.

Event Highlights:

The initiative aimed to raise awareness about environmental conservation and the importance of sustainable living. Faculty members, undergraduate, and postgraduate students actively participated in the plantation drive, collectively planting a variety of medicinal plants that not only enhance biodiversity but also support health and wellness.

The activity fostered environmental consciousness and encouraged participants to take meaningful actions toward a greener future. It also served as a hands-on educational experience about the medicinal and ecological value of herbal plants.

Earth Day Pledge:

As a part of the event, all participants took a solemn pledge to commit themselves to the protection and preservation of Mother Earth:

On this Earth Day, I pledge to honor and protect our planet. I commit to:

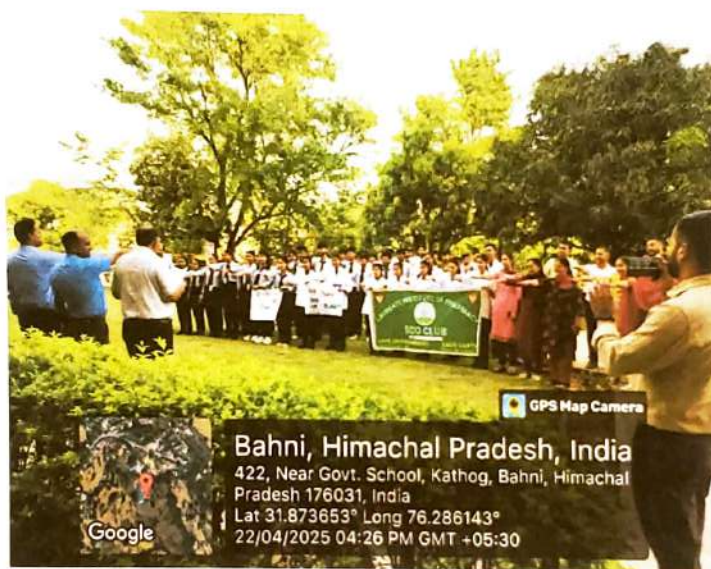

-  Reducing waste, conserving energy, and using resources responsibly.
-  Planting trees and nurturing green spaces for future generations.
-  Saying no to plastic pollution and yes to sustainable choices.
-  Raising awareness and encouraging others to care for our environment.
-  Supporting innovations and actions that promote a cleaner, healthier Earth.

I understand that the Earth does not belong to us — we belong to the Earth. Together, through mindful living and collective action, we will build a greener, more sustainable future. This is my pledge — for the Earth, for life, for tomorrow.

The Earth Day celebration at Laureate Institute of Pharmacy was a significant step in reinforcing the values of environmental stewardship, sustainable development, and green innovation. Through this collaborative effort, the institution reaffirmed its commitment to environmental well-being and inspired the campus community to contribute positively toward a healthier planet.
