Report on Earth Day Celebration at Laureate Institute of Pharmacy

Date: 22nd April 2025

Theme: "Our Power, Our Planet"

The Institution's Innovation Council (IIC) in collaboration with the ECO Club & NSS Unit of Laureate Institute of Pharmacy proudly celebrated Earth Day on 22nd April 2025 by organizing a Medicinal Plant Plantation Drive in the institute's Herbal Garden. The event was held under the global Earth Day theme "Our Power, Our Planet," emphasizing the vital role of collective action in environmental conservation and sustainable living.

The celebration began with a brief inaugural session where faculty members, staff, and students gathered to reaffirm their commitment to environmental protection. In their addresses, the speakers highlighted the significance of Earth Day and the importance of preserving biodiversity, especially medicinal plants that are integral to traditional and modern healthcare systems.

The event saw enthusiastic participation from students and staff alike, who worked together to plant and label each species with care and respect for nature. Volunteers from the NSS unit also took the initiative to explain the uses and ecological importance of the plants being sown.

The Earth Day celebration served as a meaningful reminder of our responsibility to safeguard the planet and inspired everyone present to take small but impactful steps toward a greener future. The collaborative effort between IIC and the ECO Club, NSS unit successfully turned this occasion into a hands-on learning experience, promoting both environmental awareness and sustainable innovation.
