

6.1.1 The governance and leadership is in accordance with the vision and mission of the institution and it is visible in various institutional practices such as decentralization and participation in the institutional governance

Laureate Institute of Pharmacy (LIPH) has a distinct vision and mission that depicts and meets the expectations of all its stakeholders. The Vision and Mission of the institute is:

VISION: To be an excellent Pharmacy establishment in pursuit of the latest horizons to worldwide, to form independent and competent pharmacists of international repute through pharmacy education from this untapped area of Himachal Pradesh.

MISSION: To impart theoretical and practical knowledge with innovative methods, critical thinking, problem-solving skills, leadership and entrepreneur skills. Organization set standards for the highest quality of Pharmacy education.

Core Values: We are preparing our Students with core values which include Integrity, Honesty, Foreseness, Incentive, Collaboration, Dedication and motivating them for the professional growth and commitment to quality and holistic education. These are the aspirational core values we collectively embrace and we prepare our visionary students. We belief in constantly learn, enjoy every day and make the most of tomorrow more dreamful. We approach our roles with enthusiasm. We serve as advocate for our all students while empowering them on the basis of their quality. We have prepared students to discover or learn something every day.

QUALITY DOGMA: 1. To provide essential organizational infrastructure at all levels for ensuring systematic and ever upgrading level of education in Pharmacy and Research.

2. To train the students beyond the level of class room teaching by conducting skill improvisation oriented Workshops and Certificate Programs.

3. To organize Community Pharmacy activities viz., Health Awareness Programs for the local public by organizing Health Camps and awareness rallies.

4. To instigate and encompass the students and staff members on eco-friendly practices that changes the work culture of individuals, so as to be dedicative, proactive and disciplined.

The visionary management is preemptive in executing various strategies for the overall compliance of stake holders. Implements the strategies with respect to Professional and co-curricular activities. The perspective plan of the Institute for the next five years includes accreditation, escalating research capacity, attaining precise level of excellence in all professional activities, more collaborations with national and international institutes of high repute for higher studies and student exchange Programs.

Participative management: Participative management approach has been the institute strategy all the way involving all the stake holders viz., teaching staff, non-teaching staff, students and while making any crucial institutional decisions at all levels, so that all the stake holders concerns will be taken into consideration in coming up with an amicable output. The college governing body is a multifaceted conglomeration of expertise members having representation from the cross section of the society comprising President, Secretary and Correspondent, Joint Secretary, Nominee from University, Principal of the college, a senior faculty member and also subject experts from various fields related to pharmacy. The Institute has instituted various committees at institute and department level for the effective functioning of the organization. The Principal chairs the meetings of various statutory and non-statutory bodies/committees viz., College Academic Committee (CAC), Internal Quality Assurance Cell (IQAC), Anti-ragging Committee, Grievance Redressal Cell, Training and Placement Committee, SC/ST committee, Internal complain committee IICC) and Industry institute interaction cell (IIIC).

CASE STUDY FOR PARTICIPATIVE WORKING AND DECENTRALIZATION

Organization of HPTU sponsored Two Day National Conference on 'Modern Spectral Based Techniques in Pharmaceutical Analysis' on 24-25th December 2021.

Decision to submit conference proposal from departments

Submission of draft proposal by Prof (Dr) Amar Deep Ankalgi to Himachal Pradesh Technical University, Hamirpur

Two day National Conference proposal was approved by Himachal Pradesh Technical University, Hamirpur

Meeting was conducted by Principal, everyone was informed about the conference grant and responsibilities were distributed to individuals and various committees for smooth conduct of conference.

Two day National conference was organized on 24-25th December, 2021

Submission of report and Utilization certificate by Convener and Organizing secretary to Himachal Pradesh Technical University, Hamirpur

A Meeting of teaching and non teaching staffs were called with Director cum Principal in the presence of Managing Director in Ernst Class room at 11:45 A.M.

Following points were discussed

1. Discuss regarding the virtual mode HPTU inspection for coming session.
2. The HPTU virtual mode inspection will be on department wise:
 - * Pharmaceutics
 - * Pharmacology
 - * Pharma chemistry
 - * Pharmacognosy
 - * Library
 - * Research Lab.
3. Discuss regarding the cleaning of Laboratories, Logs Books of Laboratory.
4. Discussion on Submission of Conference/FDP/Workshop/seminar from every department to Govt. Agencies. The every department should submit the Conference/FDP/workshop/Research Proposal to govt. agencies.

Two Days National Conference

On

Modern Spectral Based Techniques in Pharmaceutical Analysis –MSBTPA 2021

Organized by

Laureate Institute of Pharmacy

VPO Kathog, Teh. Jwalamukhi, Disstt.

Kangra(Himachal Pradesh)

Title of proposal:

Modern Spectral Based Techniques in Pharmaceutical Analysis – MSBTPA 2021

Abstract

Pharmaceutical Analysis plays important role in ensuring quality, safety and efficacy of both active pharmaceutical ingredients and formulations. Spectroscopy, spectrometry and chromatographic techniques are vital in analysis of drug products. These techniques not only speed up the duration of analysis but also provide precise and accurate data. This two days national conference aims to bring together academic's scientists, industrial researchers and scholars on a common platform to discuss about recent advancement in spectral based techniques in quality control and quality assurance of Pharmaceuticals. Every year , there are introduction of new technologies to speed up the analysis .Recent trends is based on hyphenated instruments like LC-MS, LC-NMR which behave like magic bullet by providing more than one analytical data's with ease , cost

DIRECTOR CUM PRINCIPAL
LAUREATE INSTITUTE
OF PHARMACY, KATHOG
TEH. JAWALAMUKHI
DISTT KANGRA (H.P)

effectiveness and those instruments and robust with user friendly . Students and faculty will be acquainted with recent advancement in LC-MS, GC-MS , IR- Microscopy and other hyphenated techniques. The handling of those sophisticated instrument and spectral data interpretation require lots of experience and expertization . The resource persons from industry and R &D will share their experiences with the participants. Few of the lectures will be based on hands on practice session of interpretation of Infrared, NMR and mass spectra's. Maintenance, handling and troubleshooting of few sophisticated instruments will be covered . Our Aim is to acquaint the participants with theoretical and practical in hand knowledge of spectroscopic techniques and spectral data interpretation which can be utilized during pharmaceutical analysis of the products,

Objective:

- To acquaint the participants about recent advancement in spectroscopic techniques by eminent professor , R&D scientist and QC experts
- Update about hyphenated system such as LC-MS, GC-MS, FTIR- Microscopy , LFC-NMR
- spectral data interpretation
- Encourage faculty and students to participate in research and development activities
- To initiate the faculty to utilize hyphenated method in Pharmaceutical Analysis and Quality Assurance of Pharmaceutical product

Level of activity: Two Days National Conference

Faculty and students from HPTU affiliated pharmacy college and other universities will be encouraged to participant in this two days national conference.

Sharing will beneficiate our young students and teachers with recent spectroscopic techniques and their scope in Analysis of both APIs and formulation.

Project Impact -Expected outcome - academic / social / commercial

DIRECTOR CUM PRINCIPAL
LAUREATE INSTITUTE
OF PHARMACY, KATHOG
TEH. JAWALAMUKHI
DISTT. HANGRA (H.P)

Spectroscopy and chromatography techniques are backbone of Quality Control , research & development and pharmaceutical academia . The main goals of the conference are :

1. Imparting theoretical and practical knowledge about different modern spectral techniques to the participants.
2. Providing the common platform to address the core issues such as trouble shooting , spectral interpretation while performing the pharmaceutical Analysis.

The outcome of two days conference is

1. The conference will enrich the faculty and students with methodological knowledge that in terms help them to carry out spectral analysis in rational ways.
2. It encourage the participants to pursue their research and higher studies in Pharmaceutical analysis especially modern spectral techniques.
3. It helps to generate competent and skilled manpower to the society that has direct impact to socioeconomic aspects of the country through their future contribution towards different sectors of pharmacy such as pharmaindustry, academia, quality control department and reseach and development.

HPTU Sponsored Two Days

National Conference On

Modern Spectral Based Techniques in Pharmaceutical Analysis

MSBTPA 2021

24th - 25th December 2021

Organized By

Laureate Institute of Pharmacy

Kathog, Teh- Jawalamukhi, Distt. Kangra (H.P.)- 176031

092184-28040 | 092184-05087 | 09805576721 | 07918933755

Email: contactlaureate@gmail.com · www.laureateinstitute.in

About the Institute

Laureate Institute of Pharmacy is the pioneer institution conducting Pharmacy courses in the State of Himachal Pradesh. It is an independent, co-educational and self-financed institution offering Undergraduate and Post graduate pharmacy programmes. The institute is situated on NH-21 at Kathog, 2 kms ahead from Jawalja devi temple, the famous temple of Himachal Pradesh and 50 kms away from Dharamsala. The nearest Railway station is Amb Andora (40 KM) and nearest airport is at Gaggal (42 KM). The Institution is approved by PCI, AICTE and is affiliated to Himachal Pradesh Technical University, Hamirpur and also recognized under 2(F) of UGC act. The institute is provided with excellent infrastructure such as spacious laboratories equipped with sophisticated instruments, in house facilities of pilot plant research laboratory with art of technology. The ambience of the campus is designed to induce learning and makes the duration of the stay in the campus pleasant, comfortable and educative. When the students leave the premises they are brimming with knowledge and confidence to meet the challenges in their professional career. Laureate Institute of Pharmacy has been recognized as one of the best pharmacy college in the region.

About the Conference

Pharmaceutical Analysis plays important role in ensuring quality, safety and efficacy of both active pharmaceutical ingredients and formulations. Spectroscopy, spectrometry and chromatographic techniques are vital in analysis of drug products. These techniques not only speed up the duration of analysis but also provide precise and accurate data. This two days national conference aims to bring together academic's scientists industrial researchers and scholars on a common platform to discuss about recent advancement in spectral based techniques in quality control and quality assurance of Pharmaceuticals. Every year, there are introduction of new technologies to speed up the analysis. Recent trends is based on hyphenated instruments like LC-MS, LC-NMR which behave like magic bullet by providing more than one analytical data's with ease, cost effectiveness and those instruments are robust with user friendly. Students and faculty will be acquainted with recent advancement in LC-MS, GC-MS, IR-Microscopy and other hyphenated techniques. The handling of those sophisticated instrument and spectral data interpretation require lots of experience and expertization. The resource persons from industry and R & D will share their experiences with the participants. Few of the lectures will be based on hands on practice session of interpretation of Infrared, NMR and mass spectra's. Maintenance, handling and troubleshooting of few sophisticated instruments will be covered.

Objective and Outcome of the event

- To acquaint the participants about recent advancement in spectroscopic techniques by eminent professor, R&D scientist and QC experts
- To initiate the faculty to utilize hyphenated method in Pharmaceutical Analysis and Quality Assurance for Pharmaceutical product
- Hands on practice on spectral data interpretation
- To encourage faculty and students to participate in research and development activities
- The conference will enrich the faculty and students with methodological knowledge that in terms help them to carry out spectral analysis in rational ways.

Guidelines for e-poster presentation

Abstract for e-poster

The abstract should not be exceeding 200 words and should be prepared in Arial font. Title should be in bold case (font size 14) full names of the authors followed with their affiliation in normal font (font size 12). Delegates are requested to submit their abstract via email to kumar3785@gmail.com on or before 15th Dec 21.

e-poster specification

As an e-poster presenter you are asked to prepare a single Microsoft PowerPoint slide that will be displayed on a wide screen monitor between 27"-32". The presentation must be in either PPT or PDF format to be accepted in Window system.

The file size should not exceed 16 Megabytes.

Inaugural Function:

Inaugural session of two days national conference started with lamp lighting ceremony and Saraswati Vandana. Prof. (Dr.) Ran Singh ,Managing Director, Laureate Institute of Pharmacy and Prof.(Dr.) Mahendra Singh Ashawat , Professor cum Director , Laureate Institute of Pharmacy and Program co-ordinator of the conference jointly welcomed the chief guest, Professor, (Dr.) Shailendra Saraf , Former vice president PCI , Professor, Pdt Ravi Shakhar Shukla University and special guest, Prof.(Dr.) Swarnalata Saraf ,Director ,University Institute of Pharmacy, Pdt.Ravi shakhar Shukla University, Raipur by presenting the bouquets.

DIRECTOR CUM PRINCIPAL
LAUREATE INSTITUTE
OF PHARMACY, KATHOG
TEH. JAWALAMUKHI
DISTT. KANGRA (H.P.)

In his welcome speech, Prof. Mahendra Singh Ashawat welcomed the resource person and participants at Laureate institute . He thanked **Himachal Pradesh Technical University , Hamirpur** for sanctioning the grant to organize the two days conference. He discussed the role of spectral based techniques and modern instruments and explained how it boosts the Pharmaceutical education and research. He mentioned few recent advancement like Liquid Chromatography-Mass Spectrometry(LC-MS) and other hyphenated systems that brought the revolution in research and development sectors and made the analysis of complex compounds easy and reliable.

Prof. (Dr.) Amar Deep Ankalgi, Professor and Head, Pharmaceutical Analysis and Quality Assurance Cum Pharmaceutical Chemistry , Laureate Institute of Pharmacy and Organizing Secretary of the conference highlighted the overall program schedule and mentioned that four resource persons were invited to conduct scientific sessions . He said that 400 participants registered in this conference from different part of India. He further added 100 scientific abstracts were received and the e-poster session would be conducted both in online and offline mode by considering the COVID pandemic.

Chief Guest , Prof.(Dr.) Shailendra Saraf, on his address mentioned that conference and seminars should be conducted regularly by academic institutes. It updates and boost the knowledge of faculty , undergraduate and post graduate students and provide the

DIRECTOR CUM PRINCIPAL

OF PHARMACY
KATHOG
TALUKA
JALANDHAR (P)

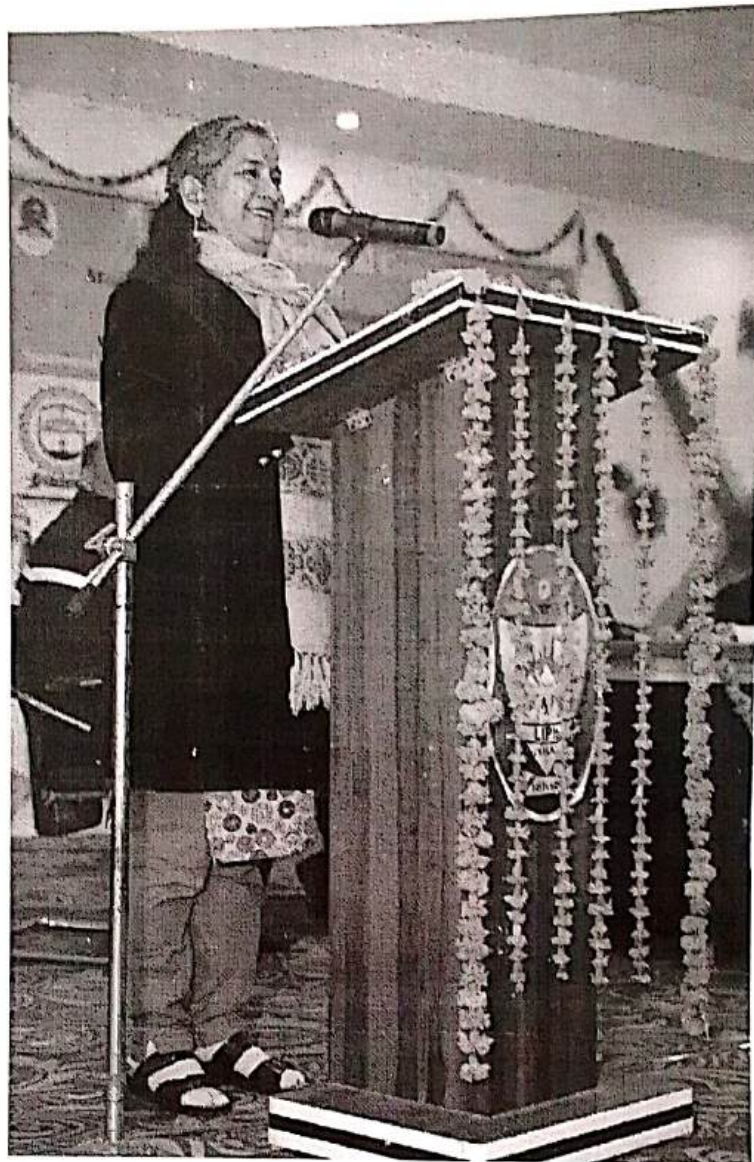

opportunity to share the idea and views with resource persons from different pharma industries and R& D. He further added that spectral based techniques are integral part of both research and academia. The advancement and sophistication of new techniques are requirement of current scenario to address all sort of difficulties that arises during the drug discovery and formulation optimization.

Special Guest, Prof.(Dr.) Swarnalata Saraf on her address highlighted the need of hands on training , conference and workshop on modern instruments for faculty students that aids to understand basic functioning and operation of the instruments . She added preliminary knowledge of those techniques would help undergraduate and post-graduate students on their research work. She mentioned the theme of the conference addresses current need of scientific society.

DIRECTOR CUM PRINCIPAL

OF PHARMACY, KATHOG
TERI, JAWALAMUKHI
DISTT KANGRA (H.P.)

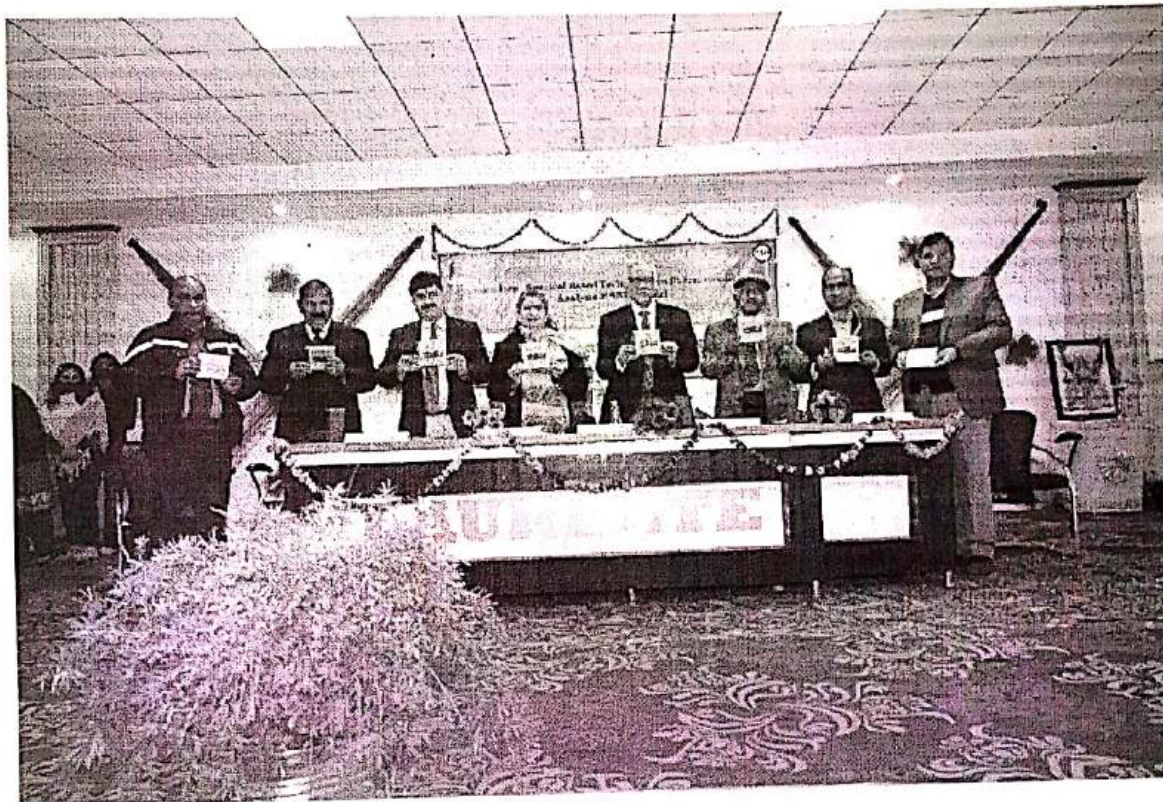

Prof. (Dr.) Ran Singh, Managing Director, Laureate Institute of pharmacy delivered the inaugural speech and welcomed the resource persons and delegates in the institute. He motivated the participants and highlighted that handling sophisticated instruments , trouble-shootings and spectral interpretation skills are essential for pharmacy graduate, post graduate and PhD research scholars . He mentioned that two days conference would help the participants to understand the principle and use of sophisticated instruments in the rationale ways. He said that Laureate Institute is promoting the research activities and every year purchasing new instruments to upgrade the Sophisticated Instrument facilities(SIF) at the institute. He mentioned this year , institute has purchased Brookfield Viscometer and Shimadzu IR Spirit worth Rs. 23 Lacs. He congratulated Prof. Dr. Vinay Pandit, Professor and Head, Pharmaceutics, Vice Principal, Academic Dean and Convener of the two days

DISTT KANGRA (H P)

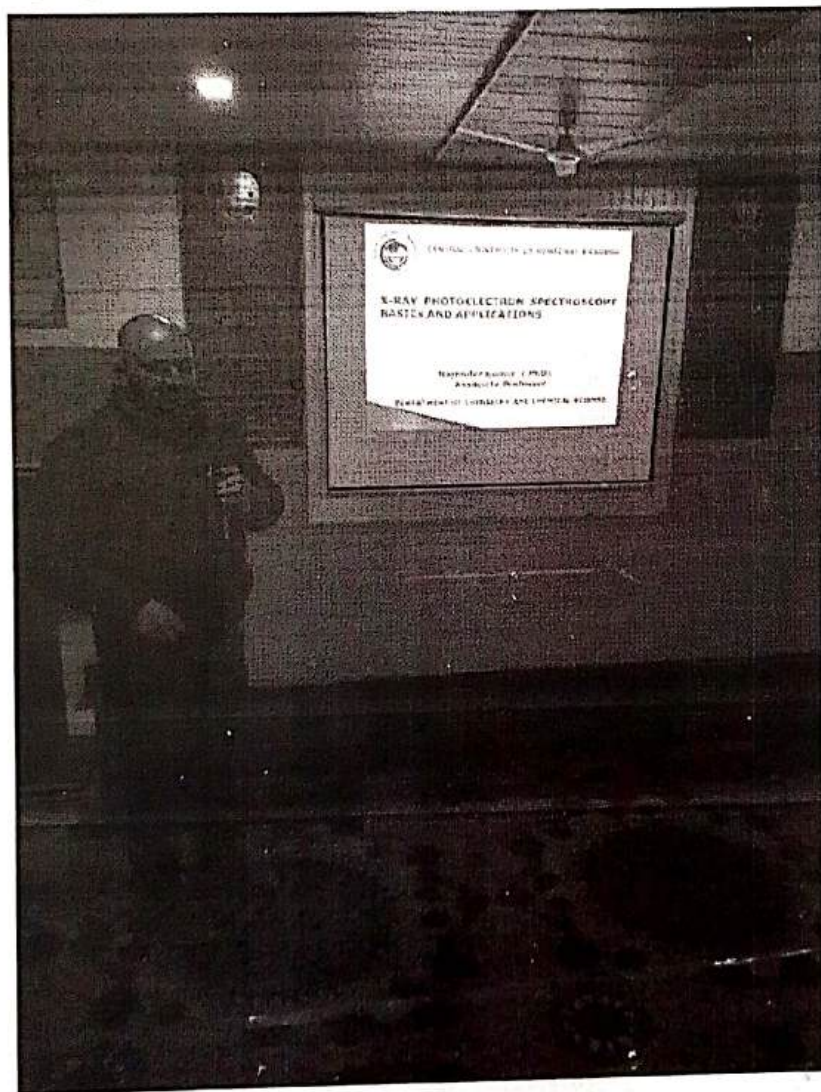

Professor (Dr.) CPS Verma, Dean student Welfare delivered vote of thanks to chief guest, special guest, eminent resource person, delegates and all teaching and non teaching faculty members of Laureate Institute of Pharmacy .

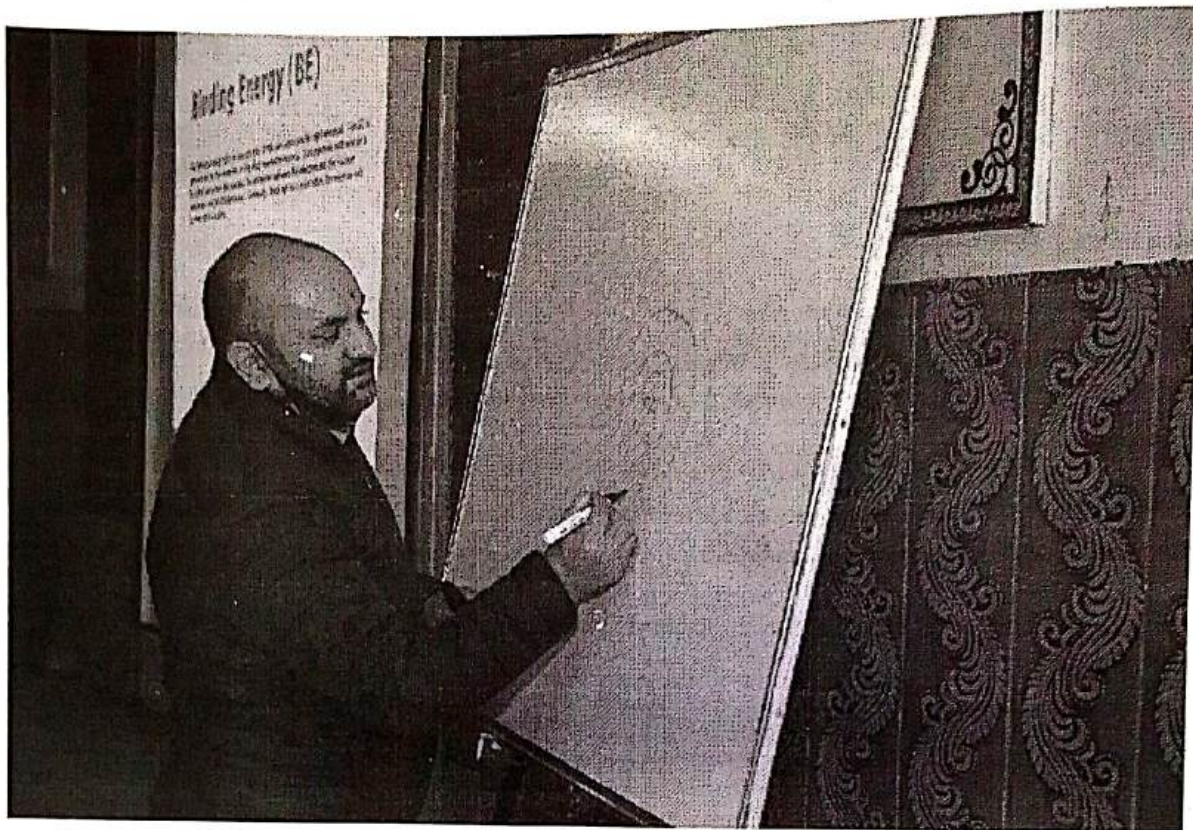

Lecture Session -1

DIRECTOR
LAUREATE
INSTITUTE OF PHARMACY
TECHNICAL
DEPARTMENT

Dr. Rajendra Kumar, Associate Professor and Head, Department of Chemistry and Chemical Sciences, Central University of Dharmasala, Himachal Pradesh delivered the lecture on “**X-ray Photo Electron Spectroscopy and its applications in biomedical and material science**”. He discussed basic principle , instrumentation and application of X-ray photoelectron Spectroscopy. He added this surface analysis techniques are used for qualitatively determine various inorganic and organic compounds. He mentioned this techniques provide information about bond energy, bond type and oxidation state. He highlighted the use and applications of XPS in Biomedical and material sciences.

DISTT. KANGRA (H.P.)

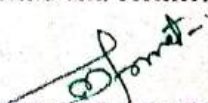

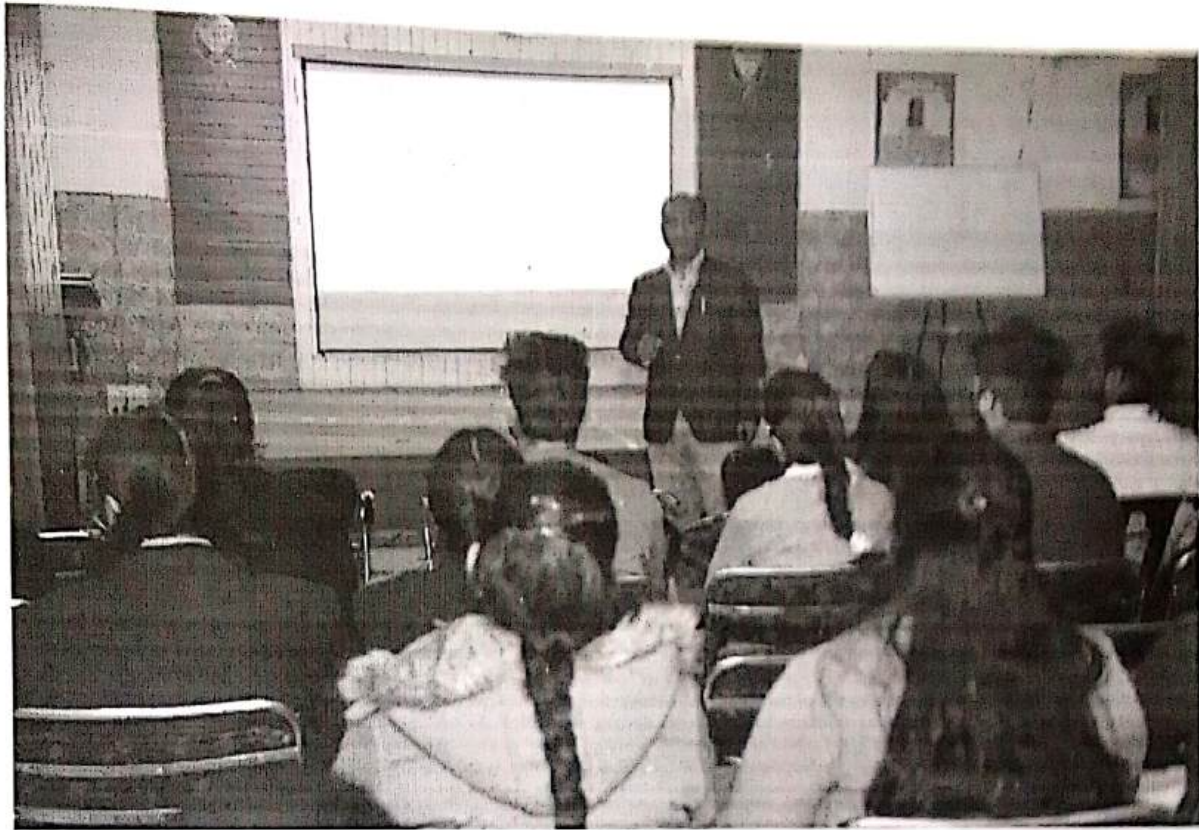

Professor (Dr.) CPS Verma, Dean student Welfare delivered presented memento and certificate to Dr. Rajendra Kumar.

Lecture Session-2

Dr. Amar Deep Ankalgi, Professor and Head, Pharmaceutical Analysis and Quality Assurance, Laureate Institute of Pharmacy delivered the talk on "**Basic Principle, Instrumentation and Application of Mass Spectrometry in Pharmaceutical Analysis.**" He mentioned the role of Mass spectrometry in characterization of Drug Molecule from simple organic compound to complex protein and peptides. He added multiple ionization techniques and analysers in mass techniques help the operator to select the most suited combination for the organic compounds under the analysis. He briefed about the fragmentation rule and interpretation of mass spectra. He further added that Liquid Chromatography -Mass Spectrometry (LC-MS) and Gas Chromatography-Mass Spectrometry (GC-MS) systems were widely used for characterization of phytochemicals and peptides with accuracy and precision.

Dr. Dharmendra Kumar , Professor and Head Research and Mr. Shiv Kumar Kushwaha , Associate Professor & Head, Pharmacology presented the memento and certificate to the eminent speaker.

Lecture session-3

Prof (Dr) Richa Dayaramani , Director, Shivam Pharmaceutical studies and Research, Karamsad , Ahmadabad, Gujarat delivered her virtual talk through zoom app on topic **“Non-Destructive Analytical Techniques for IPQCA and FG Testing of Drug Products,”**

She discussed about the principle and protocol of various non destructive techniques used in current practices for IPQCA and finished goods with the participants. She highlighted the advantages of techniques such as recovery of materials beside analysis in short span with cost effectiveness and with limited manpower. There was an interactive session with the participants.

Day -2 25th December 21

Lecture Session -4

Dr. Bhupendra Singh, Professor, Dept of Pharmacy Abhilashi College of Pharmacy, delivered lecture on "Risk Assessments and Data Reliability: A Methodical Approach in Pharmaceutical System".

He discussed about the Risk Management (QRM) and its role in maintaining the regulatory requirement in pharmaceutical industries in current scenario. He added this methodology maximise profit while balancing risk of the product . He further briefed about data reliability and how it helps in decision-making, as well as a GXP need. He acquainted the participants about pharmaceutical quality system (PQS), and "ALCOA"- Accurate, Legible, Contemporaneous, Original and Attributable. There was interactive session with participants where Dr. Bhupendra addressed the queries of participants.

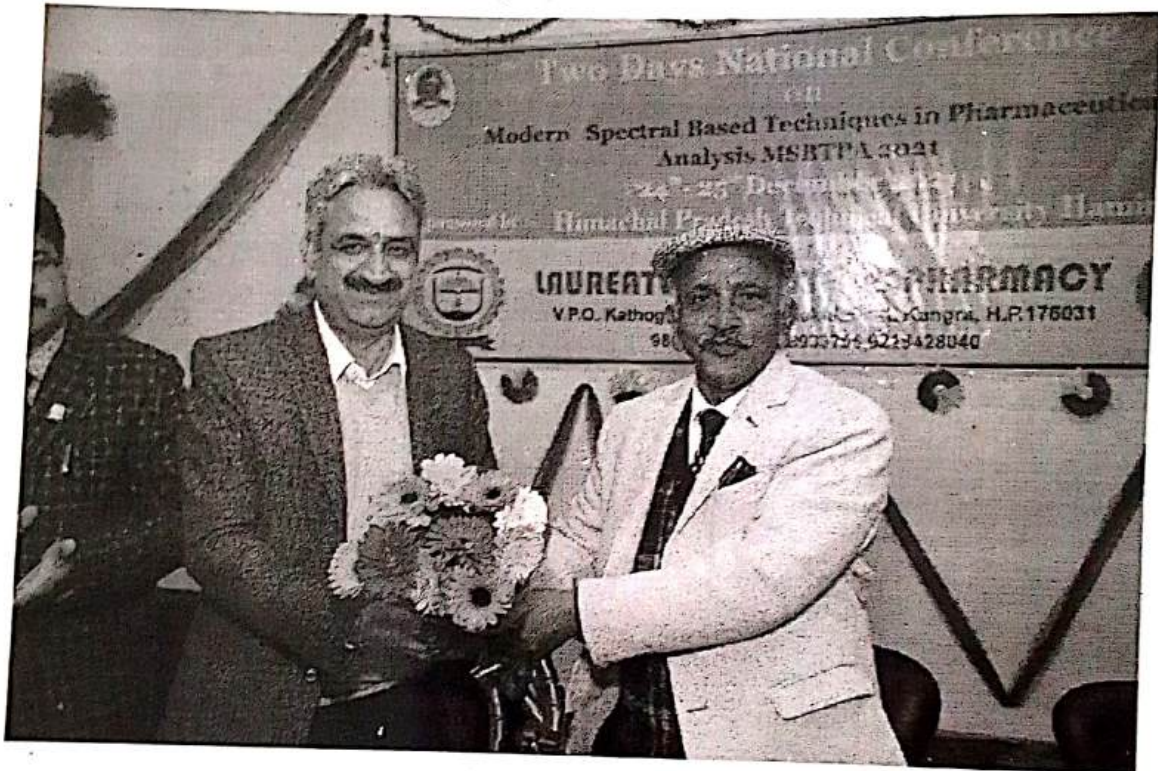

Dr. Amar Deep Ankalgi presented the memento and certificate to the speaker.

Prof.(Dr.) Mahendra Singh Ashawat, Professor cum Director , Laureate Institute of Pharmacy and Convener of two days conference welcomed the chief guest, faculty member from different institutes and participants to the function. He praised the participants and resource person for their eagerness and enthusiasm to participate in the function when the whole world is facing the covid crisis. He further added that institution has taken all preventive measures and social distancing during all lectures and scientific sessions.

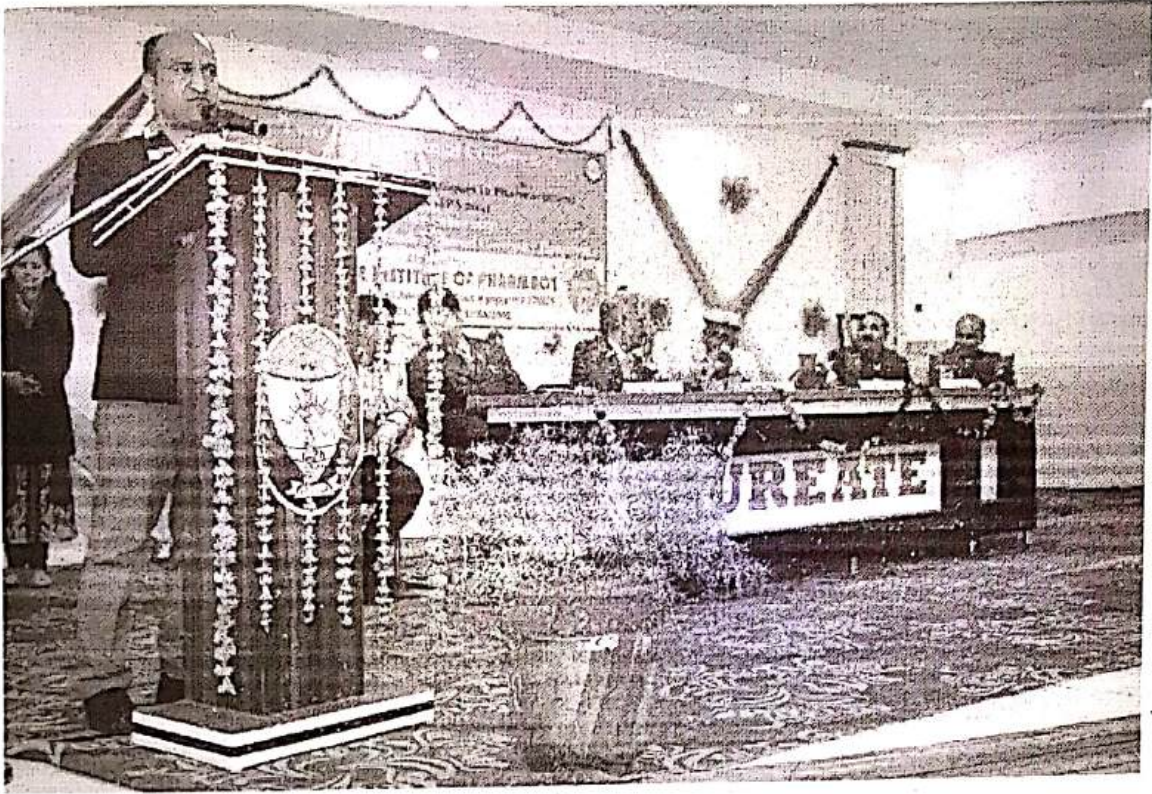

Managing Director, Professor Ran Singh, Laureate Institutes of Pharmacy also welcomed the chief guest and participants. He further added the conceptual and practical knowledges shared by the eminent resource persons on theme of conference might have definitely open the new horizons to the participants and they must use those learnings in the routine practices. He encouraged the participants to take part in research and development activities and innovations. He further assured that institute would continue to organize scientific conferences, workshops in near future.
