Report on Republic day celebration

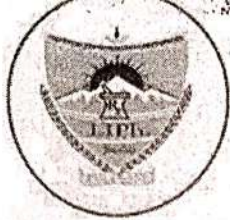

26 January 2021

Director Cum Principal
Laureate Institute of Pharmacy,
Kathog, Tehsil Jawalamukhi
Distt. Kangra (HP)

Every year, India celebrates its Republic Day on January 26. The nation will commemorate its 72nd Republic Day in 2021. Indian independence from the British Raj was achieved in 1947, but it wasn't until January 26, 1950, when the Indian Constitution took effect and India was proclaimed a republic and an independent state. The Constitution's Drafting Committee was led by Dr. BR Ambedkar. In addition, November 26 is observed as Constitution Day in India every year because it was on that day in 1949 that the Constituent Assembly of India enacted the Constitution of India. Our institute held a celebration for the day. The structure was attractively decorated with flowerpots and flags from many countries. With happiness, we were giddy as children. Because it was an issue, everyone was feeling quite patriotic and joyful. Since it was a source of great pride for all of us, everyone was feeling incredibly patriotic and joyful. After all, it was on this day that the Indian Constitution went into effect and our nation became a republic. Dr. M.S. Ashawat, the college's principal, raises the flag on this day on the Laureate Institute campus. Some pupils participated in the chorus singing of some extremely moving national songs. All of the students and members of the college staff received treats and snacks as the event came to a close.

Report on Holi celebration

27 March 2021

Director Cum Principal

Kathog, Tehsil Jawalamukhi
Distt. Kangra (HP)

Indians all over the world would attest to the fact that while they fervently celebrate many festivals, the one they most eagerly anticipate each year is the festival of colours, also known as Holi. Holi is a celebration unlike any other because it brings people from various communities together to eat, dance, throw colours, and have a good time. The day also honours the springtime and the emotion of love in addition to the riot of colours. It is a day when individuals make amends for the past and begin again. It is believed that on this auspicious day, love grows when individuals paint one other with colours and restore strained bonds. Holi, also known as the Festival of Colours, is a well-known Hindu event that is mostly observed in India. The victory of good over evil and the transition from winter to spring are both celebrated. Holi, also known as "Gulal," is celebrated by people dousing each other with water and dousing one another in colour. Playing with water balloons and water pistols is how kids pass the day. People throw parties where they dance to well-known Holi songs. On Holi, people all over the country enjoy bhang. On March 27, 2021, the employees and students at the Laureate Institute of Pharmacy's Kathog Campus will celebrate Holi with enthusiasm and excitement.

On-Campus Sexual Harassment Prevention Report

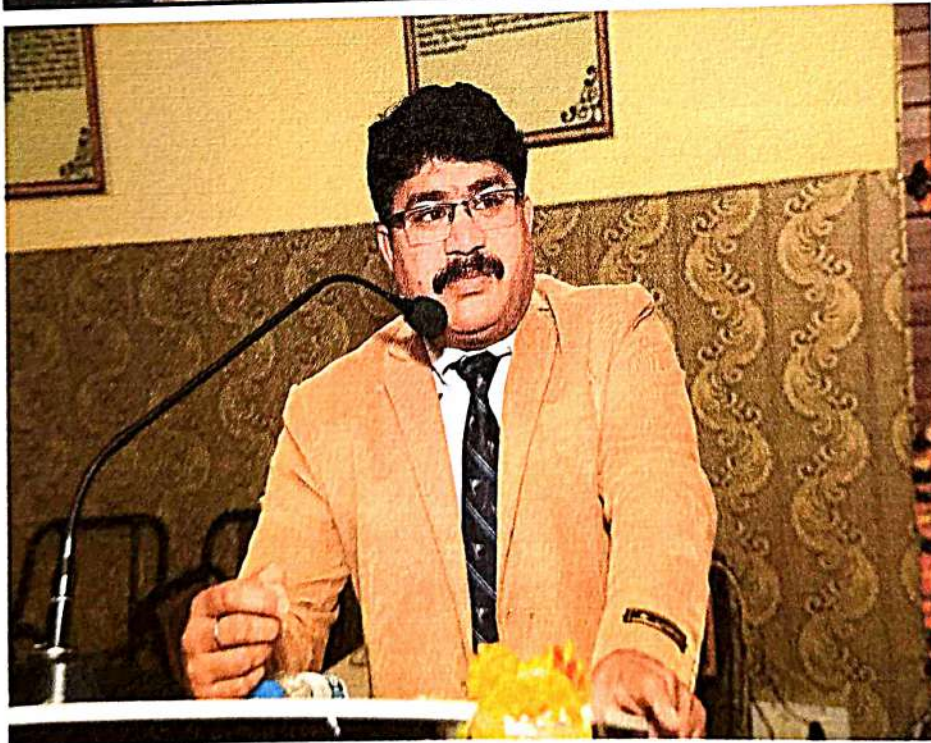

Laureate Institute of Pharmacy hosted a training for students on the 08th of March 2020 at the Campus in Kathog Jawalamukhi to avoid sexual harassment. This session was held for students who enrolled at the Institute. The goal of orientation was to make the pupils more aware of their surroundings and fight sexual harassment at work and on college, and to raise awareness of the issue policy on these concerns, as well as the Institute's support system. DSP Jawalamukhi Mr. Yogesh Dutt was one of the renowned speakers. Dr. M.S. Ashawat greeted the students, as well as the guest speaker. The goal of this session was to create a healthy working environment for both men and women by establishing guidelines to prevent sexual harassment, defining a mechanism for raising workplace awareness, and establishing a process for accepting sexual harassment complaints, investigating them, and taking appropriate action based on the findings of the investigations. Since 2013, a rigorous prevention and prohibition legislation has been in place to fight sexual harassment. He went through the meaning of Sexual Harassment as well as a number of other topics. Sexual harassment, according to him, includes unwanted sexually determined behaviour such as physical contact, demands or requests for sexual favours, sexually coloured remarks, showing pornography, and any other unwanted physical, verbal, or nonverbal conduct of a sexual nature, as well as unwelcome idle chatter of a sexual nature. Guidelines, a complaint procedure, preventive measures, and employer obligations were also discussed. She also described what workers are and what a workplace is. "No witness" does not imply "false complaints.". The Following contents were discussed in the session as:

- Complainant The individual who reports a case of sexual harassment against themselves or another co-worker.
- Victim The individual who has been sexually harassed.
- Harasser The individual who is accused of or has been accused of Sexual Harassment.
- Harassment of a sexual nature Unwelcome sexual solicitations, demands for sexual favours, and other sexually related verbal or physical behaviour.
- Physical harassment, verbal harassment, and gestural harassment
- Harassment in writing or on the internet
- Any additional sexually explicit physical, verbal, or nonverbal activity.
- IPC Section 503: When someone refuses sexual advancement.

Director Cum Principal
Laureate Institute of Pharmacy,
Kathog, Tehsil Jawalamukhi
Distt. Kangra (HP)

- IPC section 509: Insult the women and intrude on her privacy.
- IT Act Section 66E, 67, 67A & 67B: Violation of privacy.

He further argued that RTI does not apply to this situation. Towards the conclusion, a number of students had concerns with the guest speakers and addressed their concerns. The vote of gratitude was given by Prof C.P.S. Verma.

Every year, India celebrates its Republic Day on January 26. The nation will commemorate its 70th Republic Day in 2019. Indian independence from the British Raj was achieved in 1947, but it wasn't until January 26, 1950, when the Indian Constitution took effect and India was proclaimed a republic and an independent state. The Constitution's Drafting Committee was led by Dr. BR Ambedkar. In addition, November 26 is observed as Constitution Day in India every year because it was on that day in 1949 that the Constituent Assembly of India enacted the Constitution of India. Our institute held a celebration for the day. The structure was attractively decorated with flowerpots and flags from many countries. With happiness, we were giddy as children. Because it was an issue, everyone was feeling quite patriotic and joyful. Since it was a source of great pride for all of us, everyone was feeling incredibly patriotic and joyful. After all, it was on this day that the Indian Constitution went into effect and our nation became a republic. Dr. M.S. Ashawat, the college's principal, raises the flag on this day on the Laureate Institute campus. Some pupils participated in the chorus singing of some extremely moving national songs. All of the students and members of the college staff received treats and snacks as the event came to a close.

Human Rights and Legal Perspectives on Women's Issues Report

With the blessings of Maa Jawalaji, A Program Titled 'Human Rights and Legal Perspectives on Women's Issues' was organized by Laureate Institute of Pharmacy on 21st March 2019. At first, the inaugural function, was conducted. The inaugural function was also blessed by the presence of **Dr. Ran Singh, MD, Laureate Group of Institute, Kathog.** Welcome address was delivered by **Prof (Dr) M.S Ashawat, Principal, Laureate Institute of Pharmacy.** Then the brief introduction about the program was delivered. 'Women's Rights are Human Rights'. Equal rights for men and women, as well as the elimination of all kinds of discrimination against women, are essential human rights. Despite this, women throughout the globe are subjected to human rights openings on a regular basis, and achieving women's human rights has not always been a priority. In order to establish effective methods to remove discrimination against women, a full understanding of the ways in which women experience discrimination and are denied equality is required After that the brief talk was delivered on universal human rights by Mrs. Bhavna Sharma (Advocate in Dehra Law court) and the following human rights were discussed as below.

- All people are free and equal.
- There will be no prejudice.
- Life is a human right.
- Slavery is prohibited.
- There will be no torture or inhumane treatment.
- The same legal rights apply.
- The right to be treated fairly by the court.
- Privacy is a fundamental right.

Director Cum Principal

Report on Holi celebration

02 March 2018

Director Cum Principal
Laureate Institute of Pharmac.,
Kathog, Tehsil Jawalamukhi
Distt. Kangra (HP)

Many festivals are zealously observed by Indians over the world, but the festival of colours, better known as Holi, is the one that they look forward to the most each year. A celebration unlike any other, Holi draws together members of many groups for food, dancing, colour throwing, and general fun. Along with the explosion of colour, the day also celebrates springtime and the sentiment of love. Today is a day of atonement and fresh beginnings for people. On this lucky day, people are said to paint one other with colours and mend broken relationships, which is thought to increase feelings of love. A popular Hindu celebration is called Holi, which is sometimes referred to as the Festival of Colors. People celebrate Holi, often referred to as "Gulal," by dousing one another in colour and water. Kids spend their days playing with water balloons and water guns. People host gatherings where people dance to popular Holi songs. Bhang is consumed on Holi by people all throughout the nation. The staff and students at the Kathog Campus of the Laureate Institute of Pharmacy will enthusiastically celebrate Holi on March 02, 2018.

On September 25, 2017, the Faculty of Pharmacy observed World Pharmacists Day in accordance with the regulations of the Pharmacy Council of India with the theme "from research to health care: Your Pharmacist is at your service." The faculty marked the occasion by planning a number of events, such as a poster display and an awareness rally across the campus. Dr. M.S. Ashawat highlighted that a pharmacist's responsibilities extended much beyond filling prescriptions and delivering medications, and that students should not set limits on their study. He urged the young people to explore India's incredible diversity in search of additional therapeutic plants and their formulations. "The Indian government's decision to allow the export of herbal items is encouraging for this profession. He said young pharmacists and botanical scientists, according to him, are now playing an even more important role as the United States of America is now focused on finding a cure for iatrogenic disorders. The awareness rally, which began on the Laureate Institute of Pharmacy campus, was finished in Jawalamukhi.

A handwritten signature in black ink, appearing to be 'M.S. Ashawat', is written above the printed name.
