# National Conference

on

"Quality by Design: Vital Necessity for Contemporary Epoch"

7 & 8 February 2020

Organized By  
**Laureate Institute of Pharmacy**  
Kathog, Teh. Jawalamukhi, Distt. Kangra, Himachal Pradesh 176031  
Phone: 92184 23040 | 92184 05087 | 98056 76721 | 70189 33755  
Email: [contactlaureate@gmail.com](mailto:contactlaureate@gmail.com) | [www.laureateinstitute.in](http://www.laureateinstitute.in)  
Co-Sponsored By: APTI, SPIR, PRS, APTI, SPIR, BAP, I

at the Institute

Laureate Institute of Pharmacy is the pioneer institution conducting Pharmacy courses in the State of Himachal Pradesh. It is an independent, co-educational and self financed institution offering Undergraduate and Post graduate pharmacy programmes. The institute is situated on NH-21 at Kathog, 2 kms ahead from Jawalja devi temple, the famous temple of Himachal Pradesh and 50 kms away from Dharamsala. The nearest Railway station is Amb Andora (40 KM) and nearest airport is at Gaggal (42 KM). The Institution is approved by PCI, AICTE and is affiliated to Himachal Pradesh Technical University, Hamirpur and is also recognized under 2(F) of UGC act. The institute is provided with excellent infrastructure such as spacious laboratories equipped with sophisticated instruments, in house facilities of pilot plant research laboratory with art of technology. The ambience of the campus is designed to induce learning and makes the duration of the stay in the campus pleasant, comfortable and educative. When the students leave the premises they are brimming with knowledge and confidence to meet the challenges in their professional career. Laureate Institute of Pharmacy has been recognized as one of the best pharmacy college in the region.

#### About the conference

India relishes a very vital position in the global pharmaceutical market. India is the largest provider of generic drugs globally, 40 percent of generic demand in USA and 25 percent of all medicines in UK. The country's pharmaceutical industry is expected to expand at a compound annual growth rate of 22.4 per cent over 2015-20 to reach US\$ 55 billion. The 'Pharma Vision 2020' by the Government's Department of Pharmaceuticals aims to make India a major hub for end-to-end drug discovery. The sector has received cumulative FDI

worth US\$ 15.98 billion between April 2000 and March 2019; and expected to grow to 50 billion by 2025. With so much of potential to grow, still some times the Indian pharmaceutical industries face the wrath of international regulatory agencies such as United States Food and Drug Administration (USFDA) for substandard products and variable qualities of the same product. An important reason highlighted for the variation in the quality is that the products were not well designed by understanding all the product and process variables in a scientific manner. The Indian pharmaceutical industry is mostly based on quality by testing (QbT) approach. The QbT approach is mostly based on correction of defects rather than prevention. This approach has many limitations such as variation in quality of products, recalls of products and blocking of expended capital till the product gets re-approval after correction in quality. The defects or substandard quality products can be prevented by proper planning and designing (quality by design) of a manufacturing process. A pharmaceutical quality by design (QbD) can be defined as systematic and scientific approach of product development, which starts with the predefined objectives and emphasizes on the sound understanding of product and process. Further, from past 10-15 years USFDA and International Council for Harmonization of Technical Requirements of Pharmaceuticals for Humans Use are stressing on the implementation of QbD concept in the approval process for Abbreviated New Drug Applications (ANDA). So, in near future, for the Indian Pharmaceutical Industry to sustain and retain its market share in very much competitive and globalized pharmaceutical market might be a tough job without implementation of QbD concept. The Indian Pharmaceutical Industry must be prepared well in advance to face the challenges, when the regulatory authorities will become

QbD. Indian Pharmaceutical Educational institutions are supplying the most of the work force to the industries. So, the concept of QbD must be inculcated in pharmaceutical teachers, graduates and post-graduates. Keeping in view the importance of QbD, the Pharmacy Council of India has included this topic in the syllabus of M. Pharmacy (Pharmaceutics) for discussion. This event will be a one step forward to impart the knowledge of QbD to Pharmacy professionals of Himachal Pradesh and India.

#### Objective and Outcomes of the event

In near future, to sustain and increase its global market share the Indian Pharmaceutical Industry has to implement the QbD concept in the product development. A thorough knowledge of the QbD concept will become essential requisites for the pharmaceutical professionals. In long term view, the dissemination of knowledge about the QbD concept should start from Pharmaceutical educational institutions, from where the future Pharmacy professional will be evolved. In view of this objective this conference will be able to generate below mentioned outcomes:

1. Improve the knowledge of Pharmacy teaching fraternity about Pharmacy graduates and post-graduate students about QbD.
2. Will help to understand the elements for successful implementation of QbD.
3. Will encourage industry-institute collaboration for QbD.

#### Who can attend

i) Graduates, Post Graduates in Pharmacy, Scientists, e.g. Docs, Ph.Ds, M.Sc. ii) Regulators. iii) Industry scientists, license holders, principal investigators, Analyst, chemists, druggists, lab technicians, regulatory officers, managers.

**Subject: Proceedings and Utilization report of Two days National Conference on 'Quality by Design: Vital Necessity for Contemporary Epoch'- regarding.**

Sir,

With reference to the letter no **HPTU/FDP/2014-Vol-II-12285**, Dated 04/11/19, Two days National Conference on 'Quality by Design: Vital Necessity for Contemporary Epoch' was approved for partial financial assistance by Himachal Pradesh Technical University, Hamirpur. In this regard, herewith we are submitting the following documents after completion of the conference for you kind information and necessary action.

1. List of participants with attendance sheet
2. Report of conference proceedings
3. Account statement
4. List of invited experts along with research paper presented
5. Photographs of the event

Please do the needful and release the amount of Rs. 50000/= in the account details given below.
